

How to Use ABB Speed Calling

Speed Calling

Speed calling allows you to dial up to 30 stored numbers in a fraction of the time.

To Set Up Speed Calling:

1. Lift the handset.
2. Press *75.
3. Enter the Speed Calling code number (20 through 49).
4. Enter the telephone number that you want to Speed Call.
5. Wait for the tone and hang up.

*Example: To set up the BARTT (Blair Area Recorded Time & Temperature) number on code "20" in number Speed Calling, press *75, 20, and 426-9995.*

To Use Speed Calling:

1. Pick up the handset.
2. Enter the Speed Calling code (20 through 49).
3. Press # on a push-button telephone.

Example: To Speed Call the BARTT number coded above: Enter 20#.
